

Life Admin Manager Developed by **Life Admin Manager Team**

Sprint 4 Plan

Date: 02/25/26

Goal: Implement intelligent deadline extraction and automated reminders to help users track tasks derived from uploaded documents without manual effort

Roles:

Shri: Full-Stack Developer, Product Owner, Scrum Master

User Story 16 (Upload document)

MVP Cleanup

Uttkarsh: Full-Stack Developer

User Story 17 (Documents list view)

Algorithm Testing

Arnesh: Full-Stack Developer

User story 19 & 20 (View/Download + Delete document)

UI Polish & Testing

Raj: Front-End Developer

User Story 18 (Attach document to task)

MVP Cleanup

User Stories/Tasks:

21. AI deadline & title suggestion (5 points), As a user, after uploading a document, I receive an AI-suggested deadline and title based on extracted text.

- Extract document text — 1.5 hr
- Implement AI parsing endpoint — 2 hr
- Return suggested title + deadline — 1 hr
- Display AI suggestion modal/card — 1.5 hr
- Loading + error states — 1 hr
- Various document formats — 1.5 hr

■ Total: **~8.5 hrs**

22. Confirm / edit AI deadline (3 points)

- Editable deadline input UI — 1 hr
 - Confirm / override UX flow — 1 hr
 - Backend save logic — 1 hr
 - Edge cases (no deadline detected, invalid date) — 1 hr
- Total: **~4 hrs**

23. Auto-create reminders (5 points)

- Reminder scheduler logic — 2 hr
 - Cron/background worker setup — 2 hr
 - Reminder DB schema — 1 hr
 - Reminder creation API — 1 hr
 - Date edge cases — 1.5 hr
- Total: **~7.5 hrs**

24. Email reminders (5 points), As a user, I receive email reminders when reminder time is reached.

- Email service integration — 2 hr
 - Reminder trigger → email flow — 1.5 hr
 - Retry / failure logging — 1 hr
 - Email delivery verification — 1.5 hr
- Total: **~6 hrs**

25. Reminder status visibility (2 points), As a user, I can view reminder status (Scheduled/Sent).

- Reminder status tracking backend — 1 hr
 - Reminder status badge UI — 1 hr
 - Status refresh/update handling — 0.5 hr
 - UI state validation — 0.5 hr
- Total: **~3 hrs**
